

Weather Policy

Boston Sensory Solutions values health and safety above all else.

If there is adverse weather happening and you are concerned about safe travel conditions, you may transition your appointment to telehealth so your child does not miss valuable weekly services. You also have the opportunity to reschedule to another day and time in clinic, if you prefer. We do not charge a late cancellation fee for weather related cancellations.

We do ask that you call the office at 617-691-7140 to let us know you are adjusting your appointment. You may also email your OT directly and cc our clinic manager, Nicole, at information@BostonSensorySolutions.com if no one is available to answer your phone call.

In the rare event that Boston Sensory Solutions closes due to bad weather, we will contact each family scheduled for the day to inform them of our need to close the clinic due to poor travel conditions. We will transition all appointments to telehealth in this instance.

Additionally, we will post an announcement of our closure/ transition to telehealth on our clinic social media pages.
